

## **NOTICES**

### **Car parking**

Field Avenue is an extremely narrow road so car parking is a problem at the beginning and end of the school day. Our neighbours are extremely tolerant during these times but there are often problems. Please show consideration when parking your cars and ensure that you do not obstruct driveways so that our neighbours can gain vehicle access to their property at all times.

The markings outside school have been shortened to allow more parking. There are new markings and signs outside school which are enforceable by law. No one is allowed to park on the markings at any time. Apparently, there will be wardens coming round and issuing fines to anyone who stops their car on the markings. I know that parking is very difficult here but the safety of our children is of paramount importance. Please help us to protect them.

### **Dinner Money**

Please ensure that all dinner money is sent with your child to their class teacher on the first day of each week, in an envelope or purse clearly marked with your child's name. Please also send the correct money as it is extremely time consuming and difficult to provide change when so many parents do not send the correct amount. We do not keep cash in school. The same also applies when you send money for trips or events etc.

### **Free Meals**

For further information or to apply please speak to Mrs. Bailey in the school office or you can contact the Free School Meals Section at the Education Department on 01782-236813. If your child is entitled to free meals we encourage you to apply for them even if you prefer your child to have sandwiches as the school receives additional funding depending on the amount of children on the free school meal register.

### **Water**

We have fresh water coolers installed in school for use by the children. They will be able to fill up their bottles with fresh, cold, filtered water to ensure that they have a drink at hand at all times
