Path 5- Reading

- Use knowledge of morphology and etymology to read aloud and understand new words

- Make comparisons within and across books

- Read a range of modern fiction, fiction from literary heritage and books from other cultures and

- traditions

- Identify and discuss themes and conventions across a wide range of writing

- Discuss understanding of texts, including exploring meaning of words in context

- Ask questions to improve understanding of texts

- Summarise ideas drawn from more than one paragraphs, identifying key details

- Predict future events from details stated and implied

- Identify how language, structure and presentation contribute to meaning

- Discuss how authors use language, including figurative language, to affect the reader

- Make book recommendations, giving reasons for choices

Path 5- Writing:

- Spell some words with silent letters

- Recognise and use spellings for homophones and other often-confused words

- Use a dictionary to check spelling and meaning

- Identify the audience and purpose before writing, and adapt accordingly

- Select appropriate grammar and vocabulary to change or enhance meaning

- Develop setting, atmosphere and character, including through dialogue

- Précis longer passages

- Use a range of cohesive devices

- Use advanced organisational and presentational devices

- Use the correct tense consistently throughout a piece of writing

- Ensure correct subject and verb agreement

- Perform compositions using appropriate intonation, volume and movement

- Use a thesaurus

- Use expanded noun phrases to convey complicated information concisely

Path 5- Maths:

- Read, write, order and compare numbers up to 1,000,000 – knowing the value of each digit.
- Interpret negative numbers in context – count back and forwards with positive and negative whole numbers, including through zero.
- Add and subtract whole numbers with more than 4 digits.
- Add and subtract numbers mentally with increasingly larger numbers.
- Identify multiples and factors, including finding factor pairs of a number and common factors of 2 numbers.
- Solve problems involving multiplication, using knowledge of factors, multiples, squared and cubed numbers.
- Solve problems including scaling by simple fractions and simple rates.
- Compare and order fractions whose denominators are all multiples of the same number.
- Read and write decimal numbers as fractions.
- Read, write and order numbers of up to 3 decimal places.
- Solve problems which require knowledge of fraction and decimal equivalents of ½, $^2/_5$, $^4/_5$ and those with a denominator of a multiple of 10 or 25.
- Convert between different units of metric measure, i.e. Kilometre and metre.
- Measure and calculate perimeter of irregular rectilinear shapes in centimetres and metres.
- Calculate and compare the area of rectangles and squares using cm^2 and m^2.
- Draw given angles and measure them in degrees (^{o})
- Distinguish between regular and irregular polygons based on reasoning about equal sides and angles.
- Complete, read and interpret information in tables, including timetables.
