

# Let's Investigate!!!!

## Bubbling Wizard's Brew

What you will need: clean glass jar, clear vinegar, food dye, glitter (optional), washing up liquid, bicarbonate of soda, large tray/sink.

1. Half fill a clean glass jar with clear vinegar.
2. Add several drops of food dye.
3. Sprinkle glitter over the top of the vinegar (optional).
4. Add a good squeeze of washing up liquid to the jar.
5. Gently stir the mixture with a metal spoon to mix everything together.
6. Put the jar in the middle of a large tray or in a sink.
7. Add a heaped tablespoon of bicarbonate of soda to the jar and see what happens....

## Magic Milk

What you will need: plate, milk, food colouring, washing up liquid, cotton bud.

1. Put milk on a plate.
2. Add drops of food colouring onto milk.
3. Add a tiny bit of washing up liquid on a cotton bud.

## Rainbow Skittles

What you will need: skittles, plate, jug of warm water.

1. Arrange the Skittles in a single row coloured pattern around the edge of a plate.
2. Pour over enough warm water to cover all the Skittles and the plate itself.
